

Bordertown Football Club 150 senior games.

Matthew Tink.

The Roosters No. 10 Matthew Tink plays his 150th senior game for Bordertown today.

“Farmer” first played for Bordertown in 2007 after coming across from Kaniva Leeor United.

Over the years Farmer has been an integral part of the Reserves side, and more recently holding the captaincy. His popularity and leadership on and off the field is obvious with his voice from the backlines able to be heard all around the ground. While he is one of the sides most able defenders he still maintains he would be a better forward than backman (maybe one day the coach might realise your goalkicking potential Farmer).

Farmer has been supported throughout his career by wife Lucy and the little Farmers Harry and Matilda along with all his team mates. The whole Bordertown Football Club family wishes Farmer all the best in his 150th today and hope for many more games in the red and white to come.
